Your Library Informing - Engaging Entertaining

Dear Friends and Patrons

There is a lot to love about the Thomaston Public Library. It is one of our community's most treasured assets. It's a vital town anchor that exemplifies the spirit of Thomaston and enriches the intellectual and creative life of the community.

And, it is not just our wonderful collections. Our wide-ranging services, programs and helpful, devoted staff make the library a great place to relax, learn and engage.

This year, we are particularly pleased with the number and variety of our programs for children and adults. Author talks, scholar-led book discussions, gardening instruction, meditation training and musical concerts are just a few of the eclectic programs sponsored by our Friends of the Library for adults. Thomaston's Margaret Ackley volunteered her expertise to help our aging citizens understand the complexities of the Medicare program. As always, your suggestions for future programs are always welcome!

Our fantastic children's department provided story hours and craft programs for local children. Volunteer David LaManna visited the library with his amazing exotic animals and reptiles. He also presented a program on foreign currency. Over 80 children attended

Leave a Legacy at the Library

A generous bequest from Thomaston resident Eleanor Conway enabled the library, in cooperation with the Connecticut State Library, to offer the public an indexed digital archive of The (Thomaston) Express weekly newspaper. In recent years, donors have informed us of their intention to include a gift to the Thomaston Public Library in their wills. There are two options. One can make a bequest to the Friends of the Thomaston

both programs. The Teen Murder Mystery program brought 20 teens to the library and the annual Children Craft Fair had 29 crafters and 150 shoppers!

Our annual report highlights some of the accomplishments of last year. We have included statistics on our collection and circulation. But, as libraries continue to evolve into community centers, highlighting the services and programs we provide more accurately shows the overall involvement between citizens and their library.

Our report also gives us the opportunity to thank publicly our supporters who have made generous contributions the past year. Without their support we would not be able to offer all of these programs and services.

Thank you for all you do for the Thomaston Public Library.

Public Library or you may wish to contribute to the endowment for the library. These gifts provide an estate tax deduction and have a tremendous impact on our ability to accomplish much needed projects such as the Express digitization mentioned above.

If you would like information on how to include The Thomaston Public Library in your will or estate plan, please contact us.

Babies - Tweens - Teens / Sprout - Grow - Thrive

The Children's Department continues to encourage the children of Thomaston to be involved in their library. Popular preschool programs include Baby Time, Toddler Time, Alphabits and Crayon Box. Amazing Animals, featuring trivia and games about wild animals, has been very successful for Kindergarteners to 3rd graders, while Chess Club for 4th-6th graders continues to be one of our most popular after school activities.

Family programs demonstrate to our youth the value of the library at every age and inspire young readers to develop a

love of the library that will last throughout their lives. Mother-Daughter Book Club is going strong celebrating its 10th year at our library. The Tri-Wizard Tournament drew Harry Potter lovers of all

ages and magical persuasions. Muggles and wizards alike read the first three books in the series complete with wizard snacks and wand making instruction. Our Reading Together selection this May was *Toys Go Out* by Emily Jenkins. Families were encouraged to borrow and read the book together and attend a stuffed animal sleepover and tea party inspired by the story.

Community volunteers are an important asset to the library. David LaManna of Thomaston Insurance, generously visited several times this year, with spiders, lizards, and a program on foreign currency. Younger community members volunteered by shelving books, preparing Baby Bags, and scooping ice cream at the Summer Reading Finale. And we are always thankful for the Girls Scouts, Boy Scouts, and Beautification Committee for maintaining our lovely gardens.

World renowned Casey Carle's Bubble Mania kicked off our Seussical Summer Reading in June. Ms. Melissa and Mrs. Gaudette entertained children with Seussical silliness and invited them to explore the nonsensical Seuss house Mr. Gaudette built for them to enjoy. In collaboration with the Warner Theater, two lucky families were awarded tickets to attend the Warner's live production of *Suessical the Musical*, a fitting tribute to a fantastical summer of reading!

As another year comes to a close we have seen many new faces join our teen programming. Two events introduced a few years ago that continue to grow in popularity are the Murder Mystery and the end of summer Auction Night. The auction program encourages teens to read and visit the library all summer to earn tickets used to win prizes at the auction. Some prizes are purchased with funds the teens have raised throughout the year but the most popular prizes, by far, are the autographed advanced reader copies of books that Ms. Melissa acquires at Book Expo.

Other enriching events for children offered this year included the Annual Children's Craft Fair, Sidewalk Science, Afternoon Movies, American Girl Club, Lego Brick Builders, Be a Hero, Learn to Sign Storytime, Star Wars Lightsaber Training, Karate Demonstration, Hula Hoop Party, Mystic Aquarium Hermit Crab, International Jazz Storytime, Ninja Reader and Scavenger Hunt, I Mustache You a Question, Pumpkin Weight Guessing, Mystic Aquarium Explore the Shore, Magic Club, Halloween Parties, Puppet Performer Father Goose, Nature Nick Exotic Animals and Stop Short Animation.
